Product Range

Award winning Barrier Glands

Award winning Barrier Glands, widely acknowledged as the best on the market. They are easy and quick to install with the widest cable acceptance range. The gland has a fully inspectable compound chamber and includes some unique features.

Unique Features...

- Single Orientation Clamping - The Croclock Universal Armour Clamp is the only solution that can clamp all armour types without reversible components
- Engineered Deluge Solution – The gland is deluge protected without the use of additional boots or o-rings
- No Ferrule Design - The no ferrule design effectively means larger cable acceptance and a fully inspectable compound pot.

The Range includes...

- Exd/Exe/ExnR Double Compression & Single Compression Glands for armoured and unarmoured cable
- Barrier Glands
- Adaptors – Reducers – Blanking Plugs - Breather Drains & Accessories
- Thread options include Metric, NPT, BSP, PG & ET
